ì ì Solar Charge Controller

Thank you very much for selecting our product!

This manual offers important information and suggestions

LS1024BP/ LS2024BP

ì ì Solar Charge Controller

Nominal system voltage	12/24VDC*
Maximum PV input vol	

1 Important Safety Information

5 Protection, Troubleshooting

5.1 Protection

•PV Array Short Circuit

If PV array short circuit occurs, clear it to resume normal charge automatically.

•Load Overload

If the load current exceeds the rated discharge current of controller

- If $I_L > I_{dc}$, the controller will disconnect the load. Once the overload occurs, the way to solve is to send a
